

DIRECTOR OF CENTRAL INTELLIGENCE

**Security Committee**

SECOM-D-395

8 December 1982

MEMORANDUM FOR: Deputy Director of Security, P&M

FROM:

  
Chairman

SUBJECT: IG/CM Tasking on Damage Assessments

1. At the CIA member's request, the SECOM agreed to task its Unauthorized Disclosures Investigations Subcommittee (UDIS) to review and make recommendations on the damage assessment process for use by  in responding to IG/CM tasking to him. UDIS members in attendance at their 8 October 1982 meeting unanimously agreed to the attached copy of "Points for Consideration Relative to a National Policy on Damage Assessments."

2. The UDIS paper was sent to SECOM members for formal comment. Copies of written responses from Air Force, Army, CIA, Energy, FBI, Justice, NSA, Navy and OSD are attached. DIA and Treasury telephonically concurred in the UDIS paper as written. Although the written comments vary measurably in content, there seems to be a consensus that ISOO Directive #1 provides appropriate national policy on damage assessments and that Agency heads should be responsible for handling their own damage assessments. There also seems to be a consensus favoring some sort of sharing of lessons learned from damage assessments.
